REASONS FOR ALLOWANCE/EXAMINER'S COMMENTS

1. The following is an examiner's statement of reasons for allowance:

As agreed by Examiner Atkinson in the personal interview on April 7, 2004 and as argued by applicant in the reply filed on April 22, 2004, the prior art of record does not teach nor suggest a non-branched heat pipe in combination with the other elements of the inventive apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. New corrected drawings are required in this application as noted by the attached Notice of Draftsperson's Patent Drawing Review, PTO-948. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Note that the proposed changes to the drawings filed on February 7, 2002 and approved by Examiner Atkinson via the reply mailed on May 17, 2002 must be included in the set of new corrected drawings.
